WI-FI INTERCOM AND DOOR BELL

Once you get this Wi-Fi video door phone you will never need to answer the door again. You can easily detect those annoying door to door sales men without ever getting up out of your chair or being distracted from your busy schedule. Likewise you needed miss any visitors or rush to the door when a parcel comes as this video door phone gives you the power to answer your door remotely.

With the easy to use phone app you and up to 7 others can monitor this video intercom and be alerted when someone comes to the door. The app also allows you to communicate directly with the visitor and you see the video feed up with a 1/3 inch CMOS sensor even grant access right from your phone.

This means you don't have to leave on whatever job your doing and for the elderly or mobility challenged it removes the stress and inconvenience of rushing to the door each time someone comes calling.

With motion detection and night vision the camera with its 1/3 inch CMOS sensor can pick out people up to 5 meters away and record a picture of anyone you wish. This will help you get rid of unwanted calls and pranksters will be quickly dismissed once they know you have them on video.
