For more than a century Speed Queen has led the field and refused to be outdone in reliability and efficiency. Built for reliable performance – constructed from heavy duty components, from the stainless steel washtub and unique all-metal transmission to the commercial grade cabinet finish. Speed Queen’s strength comes from within and their machines are built specifically for the commercial environment. Speed Queen uses metal where others use plastic, and all machines are rigorously tested in the company’s world class test lab where equipment is routinely pushed beyond conditions they will face in the field. The longest agitation arc in the industry for unmatched cleaning results and a spin speed that ranks amongst the highest in the industry guaranteeing you not only reliability, but also unmatched performance – critical components that ensure your profitability.
