

## Brand New NoNo Hair Removal System PRO5 Factory Sealed Box (750 R)

Location **Gauteng, Johannesburg**  
<https://www.freeadsz.co.za/x-226143-z>

One of no!no!â€™s unique innovations is the development of a thermodynamic wire to transmit heat to the hair and down to the follicle. Thermiconâ„¢ uses the scientific principles of thermal transference to conduct a gentle pulse of heat. The patented thermodynamic wire and built-in safety mechanisms have enabled no!no! to adapt this professional hair removal technology for safe and effective use within the comfort of your home.

## Easy to Use and Pain-Free

With no!no! thereâ€™s no pulling, tearing or scraping, just a slow, smooth glide that gently and easily removes hair. Designed for simplicity, familiar red and blue signal lights let you know when youâ€™re using it correctly. Compact and comfortable, no!no! is a small handheld device that you can take and use almost anywhere - at home, at the office or on the road!

PRO5 is the most powerful no! no! With up to five treatment levels. PRO 5 removes and treats hair in the comfort of your own home. Customize your hair removal treatment for the type of hair you have.

PRO5 is safe for all skin tones and hair colors to use. Get weeks of smooth skin. Perfect for use on the body and face. Safe and effective for all hair colors and skin types. For men and women.
