Key Features...

Enjoy all the bells and whistles of the latest Android 7.1 OS

HDMI 2.0 lets you enjoy 4K resolutions at up to 60FPS

Kodi 16.1 media player for endless free movies, TV shows, and sports
 92 Key wireless QWERTY keyboard and games controller

T99 ANDROID TV BOX

The T99 TV box with quad-core processing is a great device for streaming UHD movies. With an HDMI 2.0 port, this TV box supports the bandwidth needed for 4K UDH resolutions at an impressive 60 FPS so you can enjoy flawless quality. Coming with the Kodi media player preinstalled this smart TV box brings you access to unlimited movies, TV shows and live TV sports all for free over your internet connection.

Turn any HDMI screen into a smart TV and enjoy the rich content. Running on Android 7.1 you get better graphics rendering, faster startup times and much better use of memory space. You'll also have all

the latest bells and whistles including a more intuitive menus systems and improved Google assistant. The Android 7.1 OS means you have access to millions of applications and games, all at the touch of a button. And with the 92 key wireless QWERTY keyboard and games controller, you can enjoy all the fun of a home cinema system.

A USB 3.0 port you'll have faster access times for external storage such as memory pens. There is a micro SD card slot to boost the memory by 64GB and with SPDIF you enjoy great quality audio output to your home speakers or sound system.

Accompanying this Android TV box is a multifunctional air mouse that incorporates a full qwerty keyboard and has a touchpad interface. This makes navigating the TV box quick and simple. It will also let you use it as a mini PC to surf the web, type emails or play games.
