1958 Willys Jeep CJ5, with a 350 chevy small block V8 engine. Original manual 3 speed gearbox and original transfer case and differentials (4x4 fully operational). Engine was totally redone and has less than 1000km on. No oil leaks, brand new starter, new fuel pump, new battery, carburettor was re-built by SP Carbs, new bucket seats, A-frame for towing, canvas soft-top, solid steel body all round with very little/minor surface rust (taking into account it is 60 years old). This is a fully functional, daily runner that is a lot of fun to drive and a big crowd.
