Stock Code: CRS180 MAN PROJ
 Manual Projector Screen 180 X 180 Retail Box 1 year Limited Warranty ESQUIRE MANUAL
 PROJECTOR SCREEN,180*180C

Product Overview

The Esquire Manual Projector Screen 180 X 180 manual series is a high quality and robust manual screen that is operated using a spring mechanism for use with any projector system.

This unit is suitable for conference rooms with high-end equipment. It also produces excellent results in a home cinema environment.

The thick and heavy fabric improves the flatness of the screen.

The high-quality adjustment mechanism enables settings at different formats and makes the screen suitable for different aspect ratios: from 1:1, 4:3, 16:9

The screen has a gain factor of 1.0 suitable for both LCD and DLP projectors. This provides complete flexibility. The black back ensures that no light is lost and the projection is clear.

The black border surround ensures increased contrast and improves the flatness of the fabric. The screen is ideal for wall or ceiling
