## DEFY GEMINI Solid Hob

Partially working - Used it for many years - Bought a new one to replace this one. I vaguely remember that two plates were working; one was partially working and one was not working - BUT I'M NOT SURE - Bought the new one about two years ago - so this one has been laying in storage since.

NO Guarantee/ No Duty to repair

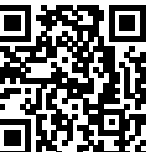

Could also be used for spares

Extra Plate also ( in seperate box)- not sure if it works
