At Woodpecker Playgrounds we can design any jungle gym to fit your special needs in the children's playground equipment you are searching for. Our quality and service can simply not be beaten!!

Our jungle gyms are specially designed to help your child develop physically and mentally.

The safety of your child is our main concern, therefore we take extra precautions when constructing our jungle gyms, such as:

• Making double railings on our bridges (to protect smaller children).

• Ensuring correct thickness of our chains.

• Counter sinking bolts for protection from scratches and bumps.

• Using only poles that are SABS treated.

Our services also include maintenance and restoration of old or damaged playgrounds.

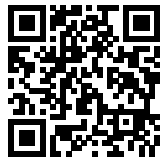

You dream it, we build it!!
