

Alpine CDE-180R Mp3 with USB front Loader (1495 R)

Location **Gauteng, Johannesburg**
<https://www.freeadsz.co.za/x-30183-z>

Alpine CDE-180R Mp3 with USB front Loader

The CDE-180 series is the affordable single-DIN solution that steps up your sound to premium Alpine quality, for hours of music enjoyment. With a direct USB and auxiliary input available conveniently on the front of the head unit you can connect to additional devices. Connect USB memory devices like thumb-drives and USB hard drives.

Power Supply for Portable HDDs

Because these head units support a 1 Ampere power supply, you can connect and power portable hard disks. This makes it possible for you to enjoy your whole music library inside your car.

Fast Charge for your Mobile-phone

The faster your phone charges, the better! The CDE-180 series'™ head units provide a fast-charge function to a maximum of 1 Ampere, for quick recharging of your phone battery.

Bass Engine SQ

The BASS button next to the central control knob takes you directly to the advanced bass level adjustment function. As you choose one of the six levels, it automatically adjusts frequency cut-off, Q factor and subwoofer level for optimum sound quality and tonal balance.
