When you enter the house you will find on the left-hand side an "apartment" consisting out of Jack and Jill rooms, sharing a bathroom, with a study room/tv room. The doors open up to an inviting stoep and garden. In the middle, you have 2 big lounge and dining areas that also opens up to the garden and stoep.

On the right-hand, there is a smaller dining room flowing over into the beautiful, well-planned kitchen with its separate scullery.

There is enough space for all your appliances/machines and equipment.
The triple garages conveniently open up into the scullery area and there is a storeroom which you can enter into from the inside of the garages as well.
Upstairs you find a huge main bedroom with a walk-in closet with a lot of cupboard space. There is a full en-suite bathroom. The bedrooms doors open up to a huge balcony, overlooking the garden.

There are another bedroom, bathroom and tv room which also connects to the huge office space on top of the triple garages. There are servants quarters as well.
