Between international Buyers and African stone Suppliers and to also engage Buyers in buying African products. We make sure that Buyers understand the Stone Industry and buy the right products from professional manufactures, suppliers and fabricators in Africa.

We provide Buyers with verified fabricators and we display all sorts of stones (products) directly to the Buyers in each and every country, province and city. We provide Buyers requesting Service Providers with our registered companies. If a Supplier or fabricator breaks the rules of Customer Service Delivery, we remove the supplier from our data base until otherwise. We do all the marketing of the products to all

Buyers channels and if we receive buying request, we will then forward to the nearest Supplier registered in our database. We will negotiate the price and authorize the Supplier. If there is more than one Supplier in an area, we will forward all from the Buyer, the best and the most Service Provider will be the best or the most representative and win the Buyer. We are not responsible for the Supplier when the Buyer is a Supplier and we will not accept any complaints from Buyers. We will improve our Service providers customer care.

Companies that can register with us are all quarry miners, fabricators and stone installers. We will market all products from Stone blocks to finished products eg. granite blocks, gravel stones, granite slabs, tombstones, tiles, bricks and all stone products. All you need to do is fill in the application form on the next page and you start getting our daily Buyers request and then contact details. Send us your products for display and we will back up with showrooms soon so that Buyers may visit and see the finished products Africa wide and abroad. We aim to save all Buyers with right Service providers and
