I want to say thanks once again to this great man called Dr Mahlangu and his spiritual way of helping people, i live in USA with my husband we love each other and also he care about me always make things easy for both of us, 9 years after our wedding we both work harder to make a family greatest surprise, we have a kid after some times again, we have another one so with this, we live in peace and he was so honest to me, shortly he started misbehaving that i don't know what is going on then i asked him, Darling what is going on? you are so strange to me this few days hope i have not offended you? he said no. Not knowing he was having an affair with one lady out side who promised him a car and apartment in one estate were i cannot see him also were he cannot see me i manage to stay with him pleading with him he should forgive me if i have wrong him, he started complaining he has no money that he has lost all his money in his business that he needs some money then i asked him how much is this money you are looking for? he did not know i can afford it. Then, he said \$14,000USD i promised him i we give it to him just for him to care about his family. My greatest surprise, the next day, i went to work and our two kids were in school not knowing his going to leave the house before i come back i met some of his things outside i was waiting for him to come back he never came back i cried i miss him so much and he have taking all my money away i was only left with \$800USD. One day, as i was ready a blog i saw a testifier made by someone in Australia called Jessica telling people about how this man call Dr Mahlangu helped her and the man's contact email was there and his mobile number then i contacted him for help and really, he brought back my husband now am so happy ,my brothers and sister if you are in such relationship problem kindly via Whatassp:+27787390989
