## Do These Questions Apply To You?

Is your life empty without her?

Do you think of him often?

Do you sometimes have trouble going about your work because he's on your mind?

Are you depressed because you feel him slipping away?

Do you have a wealth of love stored up just for him?

Is he hardheaded and stubborn?

Are you sure he's "the one"?

Do you want him to fall deeply in love with you?

Do you feel if you can catch his ear (penetrate his defenses), he will come to his senses and fall madly in love with you?

Do you want to be happy together - forever?

If you answered "yes" to at least seven of the questions, you should seriously consider having a love spell His Love spell cast in your behalf.

The purpose of this spell is to make telepathic contact with the one you love. To place you in his thoughts, his dreams, his consciousness and unconsciousness. And once this is accomplished, everything will be in

place for him to fall hopelessly in love with you.

And here's a great reason you know what he is about: if you're in with the girl you love, you'll have him for ever after. And you are certain that once his person makes up, you'll have him for ever. So if you're in with a girl who's a special girl, who's a girl who's a girl who's a girl, then he is in. And if you're waiting for your call, this spell is definitely for you.
