Hobby electrician looking for donations of old electronic items or appliances. Anything considered, from microwaves to tumble driers. If its going to the landfill, rather tell friends and family about me, save up ten or more items, drop me a mail and I will fetch. I will endeavour to refurbish your donated items free of charge and give them to the needy in my community. If not, the components will be used for spares to repair other appliances. I do not run a repair business and this is done solely as a weekend hobby from my.
