This well situated 3 bedroom home in Germiston Fishers Hill Kort Street is the perfect fixer upper for the renovation enthusiast. The home on the large stand offers space to expand and to renovate to your hearts content. The stand also offers staff quarters, which is currently not in use but this can be converted into a small granny flat or cottage. The home itself offers 3 large bedrooms with the single bathroom just a step away from all three bedroom doors. The bathroom needs to be modernized but is an easy task for the keen new owner. The kitchen is cozy and making this kitchen the heart of the home will require some new modern cupboards...possibly in a cottage style to incorporate the chimney still in the kitchen from days gone by when the lady of the house was still using a coal stove. The roof and structure of the house is still good old fashioned.
