NON-SURGICAL TERMINATION - (MEDICAL TERMINATION). A Safe Termination Is a Termination

Of Pregnancy That Is Performed By a Registered Professional

Nurse Or Registered Doctor In

a %%'Designated Facility' Such As

a Clinic. Doctors And Nurses

Need To Be Registered With The

Healthcare Professions Council

of South Africa (HPCSA) And

Have Undergone Special Training

To Provide Safe Termination Services.

The Department Of Health Has

To Accredit Clinics To Provide

Termination Services For Them To Be

termination pill works.

## IS TERMINATION PILLS SAFE?

The termination pill is usually safer than surgical termination but should only be considered in the first 12 weeks of pregnancy. Like any procedure, use of the termination pill can result in complications but if used under the supervision of a medical doctor, the chances of complications are greatly reduced. Your doctor will be best suited to handle any complications should they arise.
