A death spell is cast on a person whom we just cannot tolerate any further not only around us but in this world since he /she has created so much trouble for us and has caused or can cause some irreparable damage to us. So the best and the last option that remains for us is to eliminate the person out of our way by casting the death spell for him since it might just not be possible or feasible to take him on directly for us. By the way of casting the death spell, our worries anxieties and the tensions rested to that person will be solved for once and for all as that person will not be able to trouble us anymore.
