After many decades of secrecy and operation in the shadows, we, the PARICIANA Brotherhood ones, must begin to form the young membership. More than ever the world needs an elite group of individuals that work to create the fate of the masses. They need us, but we must once again band together.

What you see in the media today was not the original plan of our organization. It is not required that you are already super wealthy, or you are already an elite member of government or business...you must simply seek the light, and seek a world of knowledge that you realize exists, but is not sought after by the masses. You then become enlightened, You have made it to the ranks of the world's most elite group. You have made it here because you chose to seek. Choose to seek the massive knowledge and power that is provided to those that wish to become enlightened. The path of enlightenment is not difficult, but it will not come to those who do not wish to find it.

Never before have we sought out, in any outlet be it traditional print or digital media, a new membership, available to the public. But we now realize that the public is who seeks knowledge, and wishes to use it in a way that helps the masses become enlightened, and live in a way that enlightened ones do!

Benefits of Pariciana Brotherhood:
