## ATTRACTION LOVE SPELL

Attraction is something that even the smallest of an animal would like to have, everything in this world attracts. The flowers attract the bees; the babies either of human or of animal or bird are attracted towards their mother.

On top of everything even our world has the magnetic force of attraction. When the Lord God created this world and everything that lives upon it, and when he created the heaven he also created attraction, this attraction is something that holds us to the ground and holds us near to each other and close to each other. Though attraction has a vividly wide meaning but we will narrow the same to attraction between two different sexes.

A time comes in our life when we are attracted knowingly or unknowingly to our opposite sex which in

other term is named as lust, crush or love. This is so pin pointed kind of attraction because this attraction happens suddenly, just imagine a person whom you have never met, never spoke to or heard about and you see the person suddenly and there is an urge inside you to meet the person, speak to the person or be with that person, this is attraction.

#### SECRET LOVE SPELL

If you are in love with someone, and you are not able to let the person know about it, or the person whom you love does not know that you love him / her, then what you need is a secret love spell to wake the person up, and make him / her realize your love for him/ her.

Let me give you a quick idea of from where this spell came from, well, this spell was first practiced by a group of Romanian gypsies, way long back in or around the seventeenth century. It was practiced and cast for those who where in love with someone, but were not able to convey their love to their lover or the person they are in love with. It was such believed that if you are in love with someone and if the person is not aware of the fact that you love him / her, and that you think that the person whom you love is the best fit for you, then this secret love spell was cast to wake the other person up and make the person realize your value and love for him / her. When we say wake the person up, we mean to make the person realize the fact, and show the person your love for him / her.
