With the COVID-19 pandemic which may trigger a global recession, we produce authentic currency bills of USD\$, British Pounds£ and Euros€ with different serial numbers on each bill. We have instock the semi finish banknote substrates already engraved and designed front and back of the various currencies of each denomination. We need a partner to work with discretely to finish the production of our semi finish banknote substrates and make it legal tender on a percentage which we are going to discuss in a personal meeting in the event that you agree to work with us. We will schedule for a meeting to show you everything and discuss all details and produce samples so you can go test to confirm authenticity. All Notes will pass major test like ultra violet light, pencil test, many more fake money detection.

Have a second chance in life with a new identity, protect your privacy, build a new credit history, take back your freedom. We offer real driver's licenses, passports, visas, id card, resident permit, stamps, school diplomas, work permits, marriage certificates, death certificates, green card, credit cards, bank statements and other documents for a number of countries such as: USA , Australia, Belgium,
