Good health condition  
lovingly raised

We have both boys and girls available, all very playful, happy, and well-socialised, having been lovingly raised in a busy family home with children

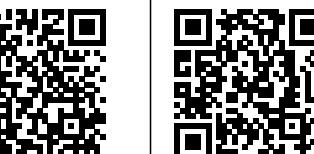

Each puppy has been fully Vet Health Checked, microchipped, had their first full vaccine, and has been wormed regularly. They will leave with a small bag of the food they have been raised on, all vaccination and microchip documents, and a comforting blanket with mum's scent to help them settle into their new home. For any further information or to arrange a viewing, please feel free to get in touch.
