Save My Marriage Spell

(Please note that this spell is effective for any relationship that needs mending.)

Few things in life are more angst ridden than a relationship in disarray.

If your marriage appears headed for divorce, this is the time to activate positive spirits. Please see if the following applies to you:

1. Your mate is not the caring, loving person you once knew in the beginning of this relationship.

Hard times bring out the worst in people, and you feel you are being unjustly accused of wrongs you've never committed.

You know in your heart the relationship will work...if only the other person will put forth as much effort as you.

You are certain the two of you are meant to be together, and you fear your life will never be the same without him or her.

You must stop the downward spiral that is causing irreparable damage to your marriage. The Save My Marriage spell is an important step in re instituting laughter, trust and compatibility back to what you once had.

Have faith. For a spell to work, you must believe in the power of your magic. If you're not convinced a

spell to promote fertility and pregnancy is going to be useful, your attitude will have a negative impact on the process life. Get your ex back, even if they are currently with another lover.
