Witchcraft is a force used mostly by those who want to revenge on others, this can be because of enmity, wanting to make use of the other especially getting rid of his wealth, using him/her to become rich, people who want to get rid of others completely often use witchcraft to affect their wishes on them, do you have difficulties in life that you can't explain? This may be witchcraft so contact me I will offer you the best service. Candles and Incense play a very important role in witchcraft, as they are said to infuse positive energies around us, so remember always use about 4 candles and up to 8 incense sticks while performing any type of magic, you will see better results. Remember witchcraft should be done to help others or I may warn you don't try to do it for negative purpose as it is against law of nature and also God.
