Embalming is our specialty.

Consistent quality results for even the most difficult cases (includes but is not limited to autopsies, contagious cases, trauma or decomposition cases, tissue and organ donors, as well as standard embalming for adults and children).

Dressing, cosmetizing and casketing.

Additional preparation services are available upon request.

AUTHORISED DEALER OF HAGER WERKEN EMBALMING POWDER . Hager weaken embalming powder is Used for preserving human remains by treating them (in its modern form with chemicals)to forestall dec

omposition. The intention is to keep them suitable for public display at a funeral, for religious reasons, or for medical and scientific purposes such as their use as anatomical specimens.[1] The three goals of embalming are sanitization, presentation and preservation (or restoration).Embalming has a very long and cross-cultural history, with many cultures giving the embalming processes a greater religious meaning. Specific uses are: sanitization, presentation and preservation (or restoration). Types of embalming powder are dependent on the purity and color. PURITY ON COLOR. Pink 98%. White 100% ,hot compound 100%. Radioactive and compound at more affordable prices.
