We also do soul retrieval to heal a person from spiritual issues. We believe that all spiritual problems come from losing power or giving power away to something or someone. It may be spirits from the Inner World that you have traded your soul power with to get fame or fortune or love. It may be a living being who has an energetic cord attached to you and is sucking part of your soul away. It can be a generational soul loss that happened many years ago with your grandfather or great grandmother that you are not

even aware of that has taken away part of your family soul. Soul loss can also be caused by a traumatic event, a car accident, a sudden death in the family, or a divorce. The soul loss can lead to a loss of power or soul power and must be retrieved to bring the soul power back. We use powerful spells to retrieve the lost power of soul. Our spells are based on the ancient Voodoo tradition, not a magical with a magical being entity. We use the power of the soul to travel deep into the inner worlds with the intention of retrieving that soul portion that is missing.

Usually the ally knows right where it is and who is holding it. We use spells to retrieve the soul power. Sometimes our spirits meet some gruesome characters who are not willing to give up the soul portion because it provides them with life essence, with grace, the one thing humans can amass and take with them from lifetime to lifetime. These entities cannot become human, but only they want to take the soul power from the human to give up part of the soul power. They offer humans riches, and love and business success, marriage, wealth and power for a soul.
