WARNING; Now the question, “where can I find a spiritualist that is not a scam?” is not so easy. With a vast amount of spiritualists and traditional healers out there, it is difficult to tell who is authentic or real. You could go through many without getting the results you desire. I must warn you, you could get more than you bargained for like very negative results were your life just gets worse. Many of my clients have tried traditional healers before coming to me and many come with ghastly and embarrassing stories. Many have been left traumatized, embarrassed and sick and with experiences they will never forget. Some have left their children unguarded and alone with traditional healers, with traumatic results. If you have been to a healer before me, TRUST me I will know it wasn't pleasant and I will know, as you know, that you were scammed of large sums of money. I will be surprised if you were not left traumatized.
