1 TB Memory Stick USB 3.0 for only R400.00 including vat

We collect stock directly from the manufacture. We also import on demand and because of the demand we have upped the amount from 100 to 200 1 TB memory sticks because of this reason everyone who wants memory sticks need to book otherwise when they get here they are all booked up. Our next stock will be arriving towards the end of this month Febuary 2016. However the demand on this stick is unbelievable so we are waiting for final pricing on what it will cost to bring in a few hundred or thousand by shipment there. There might need to be a price increase but you are probably looking round about R30.00 or less added onto the price thatâ€™s all. If you would like to order, please let me know how many you need and give me your contact details, cellphone number and email address and I will send you an order form stating that you have placed a booking. This is your guarantee that they are booked, then when the stock arrives I will contact you and you can pay when you collet it. We are based in Benoni Gauteng, however we do post and send with courier all over the country my boss does have contact and can arrange the courier for under cost price we will just need all your address / P.O.Box details to get you a price. Mar-Pro is vat registered and a registered company that has been around for many years supplying products to the South African market with great success because of our dedication in only supplying the best quality and most cost effective products.

⌘ Once you have been informed that your 1 TB memory stick / sticks is here you will have 72 hours (3 days) to do payment when you collect if however there is a problem contact me otherwise we have to unbook your order and the 1 TB memory stick / sticks will be sold to the next person on the waiting list.

Once purchased you do have a 72 hour full return policy if you are not completely happy. If however the memory stick is lost, scratched, damaged, scratched, or used in any way and not returned in the original packaging then we will not accept the return. All the memory sticks are checked before leaving the premises.
 The cost of the memory stick is £10.00 vat included. All other costs included. Free and no delivery, engraving, exporting etc.

99% If you are going to collect then please inform me as we are mostly out on the road and not at the office we are based in Benoni Gauteng

€€ If we are to deliver to you please send us your fiscal or P.O. Box address on where you would like us to deliver ASAP so that we can find out the exact cost involved we can courier and post.

€ We have limited stock of only 200 x 1 TB memory sticks arriving we will inform you of the next delivery date and if there will be a price increase and the quantity you need to order
