Motor is very new just redone, Dictator Management System (Still running the motor in on the Start up map), T6 ball bearing Turbo, Surge Petrol Tank, 2 Racing Fuel pumps, piping all upgraded +++ ... You know the drill!!!! The car is running perfect, It is Fully licensed and the original Motor redone, No Accident Damage and No Rust with a 100% straight chassis . There is about 100k invested in the car. There are additional spare parts worth at least 15k as well. The car might seem naked but all the external dressings are available. This is a very reluctant sell for me but I have no choice but to let her go ! I am Practically given her away ...

Only Serious Buyers please as there will be No Joy!!!
