Lynx  
 458 SS Convertible (THE ONLY ONE IN SA)

She is a one of a kind vehicle, that you will NEVER see a duplicate of, at ANY car show. This Lynx 458 SS was modified, custom designed, and build by a Hot-rod builder in East London. Guaranteed you will have the BIGGEST car enthusiast coming to have a look at any car show. (As well as a lot of smiles on other peoples face too) A bad day turns into a good, by the push of a button. She has just been overhauled. Newly painted in the New Mercedes-Benz A-Class South Sea Blue Metallic. She has a 1600 Ford Kent motor with Delorto Side Drafts, and 4 speed box. Exhaust Branch. All chrome work has been redone. 63mm Stainless Exhaust system. Head has been slightly modified. New battery. Tyres 80%. And many other extras done. She is setup for reliability , and not racing, but is quick. I would honestly drive her 1000km on the open road, with no doubt in my mind that she'll get me to my destination without hiccups. She does have a roof that can fit in the boot, but I have rarely used it. First constructed in 1992 by a VERY particular enthusiast. If you don't like attention, then don't waist you time with this.
