

# GAS HOUSEHOLD GEYSERS FOR SALE

Location **Gauteng, Roodeplaat**  
<https://www.freeadsz.co.za/x-66622-z>

The size of an instantaneous water heater is expressed in its flow rate per minute. Units should be set to supply the water at the required temperature. It makes no sense to expend energy heating water and then cooling it by adding cold.

- 6 lt : Small kitchen, out building and camping
- 8 lt : Kitchen and cottage shower
- 10 lt : Bathroom with shower and basin
- 12 lt : Bathroom with shower and basin
- 16 lt : Bathroom with bath, shower and basin

The 12 and 16 can run two bathrooms if showers are fitted with water saving heads or people do not shower simultaneously

These units carry a one year warranty on condition they have been fitted by a registered LPG gas technician.

## Features

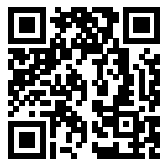

Domestic instant water heater with natural exhaust;

- Water gas linked automatic ignition;
