The ALTERNATIVE TO DSTV : ALT TV SMART BOX

The Alt TV box costs R2500 and that is no monthly fee , no more payments.

Alt TV the alternative way to watch T.V (watch the latest movies that are in the cinema and series that have come out from the beginning up to know when you want to not when someone else lets you)

Ok , What is Alt TV ? , well to put it simply it's a computer that connects to your T.V and internet and allows you to watch internet links from all over the world. Movies , series, news , kids programs , sport , music and lots more well actually 1000s of different channels. Mostly international sport as SA sports are not streamed.

ALT TV does not control what links and programs are on the internet it just gives you a simple path to get to them. This is not a pay per month product as the links are out there and we can't stop what is on them but you can decide what you want to watch.

You need a internet speed of no less than 4mbps(if you use a 2mbps line it will buffer quite often but then it's up to you)

You can take your Alt TV box with you on holiday or to friends and its simple and small.

You pay a once of fee of R2500 and that it no monthly fees and the box is yours. Once you purchased your AltTv box you can sell to your friends and family and then you will make R500 per box sold so you can cover the cost of your own box with selling to family and friends if you want.

Since Alt TV is the smart way to watch T.V you can also connect through it to FB, Skype, Google ,gmail and YouTube .. well actually anything you have on line.

This small box will turn your TV into a computer that will open up a world of channels with no monthly fee.

What you will need is internet at a speed no less than 4mb anything slower will affect your viewing and slow it down. You don't need a smart T.V it can be old or new or even just a computer screen.
