

FIAT 500 NOUVA - 1959 (95000 R)

Location **Gauteng, Centurion**
<https://www.freeadsz.co.za/x-7413-z>

Fiat 500 Nouva - 1959

Fully restored â€ Engine upgraded from 479cc to 650cc with the aid of a Kit Imported from Italy (500 Mania) Kit included new barrels , pistons , head carburetor etc. Front brakes also upgraded to Disk , kit also supplied by 500 Mania in Italy.

All rubbers , lights , indictors, door-cards , soft-top , door-handles, shocks all replaced with original parts supplied by various suppliers in Europe â€ with most parts imported from Germany , Holland and Hungary . Basically replaced all parts that I could source with new parts.

Car has been re-sprayed Ducati Yellow by the local Ducati dealer within their spray shop.

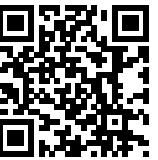

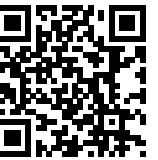

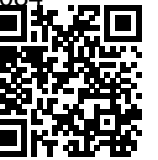

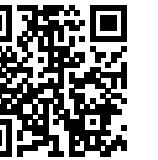

With the replacement of the front brakes to the disk option and the original wheels in bad shape I opted to fit a set of aluminium alloy wheels encased by a set of specially imported Pirelli tires . Back wheels - as the original drum brake set was kept I had an engineering shop make up a set off adaptor plates out of aluminium thereby allowing me to fit the aluminium alloy wheels.

All originals parts that were replaced are available. Car is not on the road as for me she is more of a show car.

Do not have original papers - did a police clearance and all ok - Per E - natis - Marked as exported - Per Licensing department need to have an affidavit stating that I cannot contact the registered owner to be able to do the roadworthy if required.

Asking price R95000.00 Neg.
