Location **Gauteng, Pretoria**
<https://www.freeadsz.co.za/x-76273-z>

Great condition - DVD Home Theatre System SCHT840

Total Power Output 600W(RMS)
 Multi-Format Playback
 Front Tower Speakers
 Active Subwoofer
 360 ° Sound Technology

Features & Benefits

Multi-Format Playback Flexibility. Playback multiple formats. You can playback almost any format, letting you worry about what to watch not which format disc you need to use. The unit will even play MP3 and JPEG formats.

600W(RMS) Total Power Output

Strong power output delivers clear and powerful sound reproduction. Outstanding richness of sound is created for medium to large spaces and excellent sound is generated for a true home theatre experience.

Front Tower Speakers with 360 ° Sound Technology. Tower speakers feature 360 ° Sound Technology, lowering the crossover frequency point between mid-range of the tower speakers and the low-range of

the subwoofers. More low sound comes through the tower speakers, enhancing sense of movement and audio imaging.

Ultra-Slim Design. The slim design of the tower speakers, complemented by the compact subwoofer, enabling convenient location of speakers around a room. The subwoofer can be positioned separately to deliver a rich sound.

Active Subwoofer Unit

The subwoofer contains a built-in 260W power amplifier for exceptional bass sound generation. Dual-unit speakers within the subwoofer deliver a strong bass sound with a greater richness. Subwoofer has 4-step control through the remote control.

Multi Re-Master Technology

Sound sources of multi-channel formats (such as Dolby Digital and DTS) used for many DVD-Videos can be remastered to produce higher quality audio reproduction, with an extensive range of formats.

Progressive Scan (PAL/NTSC)

This product features a high-precision progressive video processor that handles progressive scan images. The result is outstanding picture quality through high-resolution progressive playback of original DVD images.

Built-In Dolby Digital and DTS Decoders

True surround sound is delivered through the 5.1.
