The one pelmit is about 4.2 m and the shorter one 2.4 m in length. The pelmits are about 30 cm from top to bottom. They would be suitable for a big room with 2 windows or for an open plan sitting and dining room area. There are matching curtains for both pelmits. The Curtains are made of good, heavy quality material with a very durable lining and are really still in very good condition. All curtains have been dry cleaned, neatly stored and never used again since. Anybody interested most welcome to come and look at curtains. Price.
