2002 GSXR 750 project bike.

Started the project several months ago. Bike has papers license up to date
 engine needs police clearance, Have the original registration papers for the motor. Bike starts and runs,
 has a small issue with fuelling.

Paint work is not the greatest.

This is an awesome project to complete for someone that has the time.

Already spent close to R35K on the bike.

Asking R28000.00
