

DJ Equipment and Music Instrument repairs

Location **Gauteng, Johannesburg**
<https://www.freeadsz.co.za/x-85795-z>

X-Bytes Repair Centre is fast and reliable. The team cater for professional DJ's and amateurs with broken Music equipment.

The repair centre has diagnostic testing equipment to diagnose the cause of the fault so the technicians can repair it quickly and effectively. They have access to high quality parts to carry out any repairs that you may require.

Some of the Music equipment repairs that the team offer include:

- Amplifier repairs
- CD player repairs
- Digital vinyl system repairs
- Dynamic processor repairs
- Effect unit repairs
- Karaoke repairs
- DJ Lighting repairs
- Mixer repairs
- Smoke machine repairs
- Speaker repairs
- Turntable repairs

These are just some of the common equipment that the fully trained engineers repair on a regular basis.

Our team can diagnose and repair a variety of different faults that can happen with music equipment. These can include things such as cosmetic damage from use, the dropping of items, poor sound quality, loose internal connections and the replacement of parts for missing or worn and more.
