 CDJ-2000nexus-M Platinum Edition features include:

Users can choose their media source from a USB storage device, SD memory card, CD- or DVD-ROM Disc, DJ software via MIDI/HID or even using music stored inside Wi-Fi ®/USB-connected smartphones and tablets

rekordboxâ„¢ music management software for analysis, management, and playback of music files.

Pioneerâ€™s PRO DJ LINK, which enables up to four digital CDJ players to be connected for sharing music files stored on a single USB device and/or SD card

High efficiency Wolfson ® Microelectronics digital-to-analog (D/A) converter for accurate sound reproduction, faithful to source material

Slip and Quantize functions, which enable reliable performance without changing the flow of the original track. Using the My Settings feature, the function settings of a player can be saved to an iPhone ®, iPad ® or iPod touch ®, USB storage device, or SD memory card

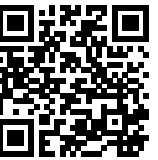

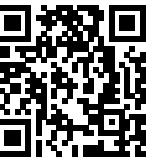

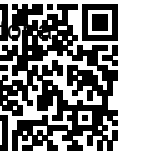

For additional convenience, the settings can also be made ahead of time on the rekordbox app or software, allowing users switch to their settings when a connection is made to the CDJ-2000nexus.

Up to 35 controls on the surface of each player can be used to trigger other devices, such as DJ effectors and software by way of HID and/or MIDI

Active Loop function automatically starts loops when playback begins from a specified point

Load Previous Track feature provides playback of prior music that has been loaded to the player

Rating on the Go function allows users to rate tracks during play for easy reference or sorting
 Battery function provides power to the device in mode of operation
